Soon Kit

Financial Analyst

Profile

Financial analyst with six years of experience in valuation, forecasting and risk modelling. I build clear, auditable models that help finance teams and founders make decisions they can defend to investors.

Experience

Senior Financial Analyst
2023 to now

Northbridge Capital

- Build DCF and comparable-company valuations for growth-stage portfolio companies.
- Narrowed valuation ranges by 12% by standardising assumptions across 30 holdings.
- Built a 13-week cash flow forecast that released $2.1M of working capital.

Financial Analyst
2020 to 2023

Harlow & Finch

- Prepared monthly management accounts and variance analysis for five business units.
- Automated reporting in Power BI, saving three hours of manual work each week.

Audit Associate
2018 to 2020

Mercer Assurance

- Carried out audit fieldwork for mid-size clients in financial services and manufacturing.
- Reconciled and documented financial statements to audit standards.

Selected projects

SaaS company valuation
DCF and comparable-company model for a Series B software firm, with downside and upside cases.

Portfolio risk dashboard
Power BI report tracking volatility, drawdown and sector exposure across 30 holdings.
